Dear Naked Voice Organiser

We are delighted that you would like to organise a Naked Voice workshop in your area. As The Naked Voice work is expanding to meet a wider demand internationally, we have devised this new Organiser's Pack to encourage a more collaborative organisation that enables you to bring this innovative and nourishing work to your own doorstep, and for free!

Depending on your geographic location, personal commitments, and your present involvement with The Naked Voice work, we want to ensure that your experience as an organiser is as effortless, and enriching for you as possible. We therefore encourage you to organise a workshop that accords with your level of experience, inspiration and involvement in The Naked Voice work. If you live a long way away from our UK base, you may wish to organise either an introductory evening or daytime course, followed by something longer and more in depth. Or you may want to ensure that it ties in with my itinerary in the country where you live.

This may require collaborating with another NV workshop organiser, discussing dates, or the possibility of co-ordinating your workshop plan with them. You will find the names of our present Organisers at the back of this pack. Don't hesitate to call them to find out what it is like to be a Naked Voice Organiser. We are very happy to discuss future possibilities, times and dates, and to advise you in this process.

In the meantime, we wish you all the best, and we look forward to bringing The Naked Voice to your community. Be well and enjoy this new adventure.

NB. You can always seek mentoring and support first with a NV Facilitator www.theNVFA.org

A GUIDE FOR WORKSHOP ORGANISERS

The Naked Voice runs a variety of workshops, some of which can be either residential or non residential. Firstly you need to establish which type of workshop we are going to offer. Please see website for details on these courses. www.thenakedvoice.com

Current Workshops

- a. Chants of Compassion** (One Day Non-residential)
- b. Your Naked Voice** (One Day or Weekend Non-Residential)
- c. Awakening through Sound** (Fri eve-Sunday lunch residential)
- d. Sound Intelligence – 5 Day** (Eve of first - lunch of last day)
- e. Singing Field Process** (3 - 4 hour small group)
- f. Singing Field Gathering** (Evening 2 – 3hrs)

All workshops include an introduction to the basic Naked Voice principles, and communication skills, accessed through deep listening, inner sound, self inquiry, devotional chant, sonic formulas, energy movement, love poetry, song and improvisation.

Having established the type of workshop(s) you wish to organise, the following practicalities need to be addressed:

Dates and Times - The dates and times for the workshop can be agreed with the Naked Voice office. (Tel: +44 (0) 117 9548006)

Venue – The location of the venue needs to be clear and peaceful, with good natural lighting. The venue should be resonant (good acoustic) and offer a working space that is sufficient to allow movement, with availability of a good quality CD player, cushions and chairs. The venue should preferably have a restaurant/café on site or offer these facilities within close proximity. In some cases it may be necessary to invite students to bring lunch to share. Ease of parking near or at the venue is also preferable.

Initial contact, publicity, support - You need to establish yourself as a point of contact for enquiries, workshop registration and payment of fees. People registering for courses often like to converse with someone relatively local. We ask you to collate the relevant logistical information and relay it to the Naked Voice Office nearer to the time of the workshop. We will publicise the workshop you are organising on our website. If you wish to advertise the workshop to reach your audience, more effectively, we will consider your proposition.

A Naked Voice Flier – The Naked Voice office can design a flier and in some cases send the quantity you require for distribution.

Concerts/ Musical Events – If you wish to organise a Naked Voice Concert/Musical Event, only, still complete the forms as much as possible.

CHANTS OF COMPASSION - Deep Listening in the Presence - 10-5pm

This is a new feature of Chloe's programme, inspired by her new *Chants of Compassion* CD Series. This One Day focuses solely on the singing and chanting of devotional songs and sacred mantras (words of power) from different traditions, as well as Chloe's own compositions. Chants of Compassion introduces you to the power of sacred chanting as a way to strengthen your own inner life, and a faculty of attention known as the witness, or non-judgemental mind. Learning to enjoy silence and the space between your thoughts, is also an integral part of this nourishing day. Chloe will share ecstatic love poetry to inspire and enhance the sound work. She will also interweave the sound and song with Naked Voice vocal exercises and physical energy movement. Chants of Compassion, can be included as an additional event, to a more in-depth *Singing Field intensive*, or a *Your Naked Voice* workshop.

Chants of Compassion offers a safe and inspiring way to introduce The Naked Voice as a taster for those who are unsure whether to attend a longer workshop or residential.

Non-Residentials - These workshops usually last from 10.30/11am - 4.30/5pm each day.

Residentials – For residential workshops, the following criteria are applicable: - Residential workshops begin at 6.30pm with dinner the first eve and complete with lunch on the last day. Please ensure that the accommodation is able to house the students and facilitators, as well as provide a warm and well-aired, acoustic room suitable for the workshop. When establishing a rate, ensure that this covers accommodation and food. Some venues will offer an exclusive fee, which is worth considering if you have a large group. Chloe requires a single bedroom. Her core team Nick and Masashi can share if they are there. We suggest bedrooms that sleep a maximum of 2 or 3 with ensuite bathrooms; as well as single occupancy rooms (which sometimes require a single supplement fee).

Food – It is important to identify your workshop food needs, especially if it is residential eg; vegetarian, vegan, dairy free, wheat free. Organic food is

preferred with a cook who can cater for mixed needs. Chicken and fish is preferred in the menu, along with fresh green vegetables and salads in plentitude. Soya and rice milk is also required.

Costing – Having investigated the above, you should be able to establish a cost per student. In the UK, our residential accommodation cost price is usually £50 - £70 per person, per night (including food). As a guideline, UK workshop participants pay a total cost of approximately £125 -£175 sterling per day for residential workshops e.g. a weekend residential (Friday eve-Sunday) is generally £250 - £300 inc. accommodation and food. Non-residentials range from approx £140 - £180 for 2 days.

Booking – It is essential that every participant sends a non-refundable deposit of £50 or £100 (depending on total price), which confirms their booking. Please ensure you receive the balance at least one month prior to the workshop, so that there is a clear indication of commitment, and your capacity to pay Chloe's fee and travel expenses, after all your personal admin and venue-accommodation costs.

Cancellation Policy - This is an integral part of the Contract of Agreement between us. It will be sent to you, as soon as we decide to go ahead, and have agreed a cancellation policy in principle with you first i.e. in the unlikely event of cancelling or postponing the workshop. Chloe requires at least one month's notice if the workshop is to be cancelled in UK; and at least 3 months notice if it is to be cancelled in USA, Canada or outside Europe. Otherwise her agreed fee will still be assured.

Fees - Depending on the area, type and length of workshop, you should budget £1000 per day for Chloe, excluding travel and accommodation. Her NV facilitator assistant, if present, requires a minimum fee of £150 per day. The Workshop Submission Form allows you to work out costs and see whether or not it is financially viable to run the workshop. We are also happy to negotiate a shared cost of flights and travel expenses with other Organisers, if Chloe is touring abroad in your country. Please discuss this with us.

Workshop Size - Chloe is happy to work with a minimum of 20 and a maximum of 50 participants. The larger the group size the more viable it will be to bring the whole Core Team (Masashi and-or Nicholas) which is always a great joy for everyone.

Merchandise – Chloe has created and produced a range of merchandise – CD's, DVD's, Audio Books, "Home Learners" (Sounds True) and Videos,

which are sold at workshops. Once you establish your numbers for the workshop, you can order merchandise on a sale or return basis for the workshop, returning left-over stock together with sales money to our head office, (or to Chloe en route). The Naked Voice office will offer you guidance with regard to ordering the stock (see merchandise order form). Sometimes Chloe can bring extra stock. She does require participants to have practiced with the **Your Naked Voice** or **Awakening Through Sound CDs** before the start of the workshop to ensure maximum benefit from the work.

The Benefits of Being a NV Organiser – We assist you in making a financially viable event. You will receive profits over and above Chloe's fee. (NB Concerts are arranged on a % share of the gate.) You will also have extra private time with Chloe, which enables you to gain a deeper insight into the philosophy and practice of this work on a daily basis, as well as at an organisational level. Subject to time availability, you may receive a 1 - 1 session with Chloe or one of her Core Team or NV Facilitator assistants which will further deepen your own understanding, and application of the Naked Voice in your life. You may wish to pursue other courses e.g. The Naked Voice annual 5 Day Training – which is a requirement if you wish to become a NV Facilitator. Following the completion of the workshop we create time with you to assess and to review the project - its strengths and weaknesses - and to explore ways to improve it for other organisers, or for your follow-up plans.

Next Step – If, having read the information above, you wish to become a Naked Voice Organiser, please complete the attached workshop proposal form and email/post it to us in the UK at:
